At the end of the millennium, the Holy City, New Jerusalem descends to earth out of heaven. Satan is now free to deceive the wicked and they attempt to take the Holy City by force. Fire comes down out of heaven and consumes them. This is the Second Death or final punishment of the wicked.

The wicked shall be ashes... The day comes that will burn them up. Into smoke they shall consume away. The fire shall devour them. The fire shall not be quenched. It will complete its work. Sodom and Gomorrah are an example to us. Sodom and Gomorrah suffer the vengeance of eternal hell fire, yet they are not still burning. Prophecy of destruction of Jerusalem which occurred in AD 70. the fire completed its work of destruction and then it went out. The entire earth is cleansed by this fire. Affliction or sin will not raise up the second time. We look for a new heaven and a new earth wherein dwells righteousness!
